

## Diesel Fuel Booster **FORMULA C-50**

>>> **GUARDEX's FORMULA C-50** was created with a **cetane improver** to increase horsepower and fuel efficiency in all diesel-based engines, including those with turbo or super-charged engines.

**FORMULA C-50** helps prevent internal corrosion in the tank and fuel system by stabilizing fuel so that it will not build up with varnish, gum and sludge.

It is chromium and aluminum compatible, and suitable for all diesel engines and fuel grades.

#### AVAILABLE IN:

- > 946 ml bottles
- > 4 litre jugs
- > 20 litre pails
- > 205 litre drums

#### ADVANTAGES:

- > reduces fuel consumption by 5-7% — pays for itself!
- > improves cetane rating
- > increases performance and horsepower
- > prevents varnish, gum, sludge and corrosion
- > reduces black smoke (unburnt fuel)
- > cleans and lubricates injector pump, nozzles and pintles
- > assists in cold weather starting
- > protects against lower sulfur content in fuel
- > contains a friction reducer to lessen upper cylinder wear
- > suitable for all diesel engines
- > suitable for all fuel grades

**DIRECTIONS FOR USE:** use 30 ml per 50 litres of diesel fuel. Pour directly into fuel tank after filling. Mixes instantly. A 946 ml container will treat approximately 1700 litres (374 US gallons). See SDS for more information.
