

Medium Duty Cleaner/Degreaser **DS40-J**

>>> **GUARDEX's DS40-J** was designed to tackle the toughest grease. This multi-purpose cleaning agent is a biodegradable, organic solvent that provides superior cleaning while being non-corrosive, non-caustic and non-acidic. Highly effective in dissolving crude oil, asphalt, asphaltenes, grease, carbon black stains and more! Contains no harsh chemicals while providing superior results. And, unlike other solvent-based degreasers, **DS40-J** is miscible in water so you can use it full strength or dilute it to suit your needs.

Cleaning greasy sludge or wax buildup has never been easier than with **DS40-J!**

OIL & GAS

MECHANICAL

MINING

AVAILABLE IN:

- > 1 litre spray bottles
- > 4 litre jugs
- > 20 litre pails
- > 205 litre drums

DIRECTIONS FOR USE: for use in the mining, paving, and oil and gas industries. Use in high pressure washers or steam units to remove grease, oil, sludge and wax build up from vessels and storage tanks. Add to process vessels and circulate through (clean up with fresh water prior to refilling process fluids).

Use on tools, chains, wire ropes, dies, molds and bearings. Spray a small amount and wipe clean. For tougher build up, soak item for 15-20 minutes and rinse with water.

Will eliminate asphalt, top coatings and sealers from tools and equipment. Spray liberally directly onto surface. Rinse with water. For use on hard, nonporous surfaces only.

See SDS for more information.
